# Contract Specifications

Expiry	Contracts will expire on a daily basis and only one contract will be listed at any one time.
Contract Security	ICE Clear Europe acts as central counterparty to all trades thereby guaranteeing the financial performance of ICE Futures Europe contracts registered in the name of its Members up to and including delivery, exercise and/or settlement
Position Limit	Positions are reported to the Exchange on a daily basis. The Exchange has powers to prevent the development of excessive positions or unwarranted speculation or any other undesirable situation and may take steps to resolve such situations including the ability to mandate members to limit the size of such positions or to reduce positions where appropriate.
Trading System	Trading will occur on the ICE Futures Europe electronic trading platform known as the ICE Platform accessible via Web ICE
Trading Hours	12:00 hours to 14:00 hours Local London Time
Additional Information	The Auction Clearing Price will be determined upon closure of the bidding window. Bids shall be sorted in order of the price bid and added up starting with the highest bid. The price of the bid at which the sum of the volumes bid matches the volume of the allowances auctioned shall be the Auction Clearing Price. Tied bids shall be sorted at random. All bidders shall pay the Auction Clearing Price. In case the sum of the volumes bid is lower than the volume of the allowances auctioned, allowances can be allocated. Winning bids and the Auction Clearing Price will be determined in accordance with Regulation 6 and Regulation 7 of the Greenhouse Gas Emissions Trading Scheme Auctioning Regulations 2021.
Settlement Date	One business day following the Last Trading Date.
Settlement	Transfer follows receipt of full contract value by ICE Clear Europe and occurs within at T+1.
Business Days	Shall be the same as the ICE UKA Futures Contract.
