

**LONDON NOTICE No. 3450**

ISSUE DATE: 8 June 2011  
EFFECTIVE DATE: 8 June 2011

**ROBUSTA COFFEE STOCKS IN ANTWERP****Executive Summary**

This Notice informs Members of the temporary termination of registration of a Warehouse in the Port of Antwerp as a result of adverse weather damage and the suspension of certification of certain Robusta Coffee stocks.

1. The Exchange has been informed that a Nominated Warehouse in the 3 Ways area of Antwerp has sustained considerable damage to its roof as a result of adverse weather conditions on Monday 6 June 2011. Exchange staff are working with the affected Warehousekeeper on site in order to confirm the extent of the damage to the Warehouse and to the goods contained therein.
2. Whilst appropriate temporary measures designed to prevent any further impact on the Robusta Coffee stocks remaining in the Warehouse have been implemented, it is likely that permanent repairs will take some months to complete. Accordingly, it has been determined that the following Warehouse be removed temporarily from the Nominated List of Nominated Warehousekeepers and Nominated Warehouses (last published under cover of London Notice No. 3438 on 17 May 2011) until such time as the Exchange is satisfied that permanent repairs to the Warehouse have been made:

<u>Warehousekeeper</u>	<u>Warehouse Code</u>	<u>Warehouse</u>
<b>Port Real Estate</b>	<b>ANT 192</b>	<b>Unit 0, Moerstraat</b>

3. In consequence, the Exchange has determined to suspend temporarily the grading certificates of 469 Lots of Robusta Coffee stored in the affected shed. The reduction in the level of certified stock will be reflected in the fortnightly stock figures due to be published on 16 June 2011.
4. The affected Lots are being moved under Exchange supervision to another Nominated Warehouse under control of Port Real Estate and, over the coming days, the Lots will be assessed by Exchange staff for water damage. Any undamaged Lots will be re-instated as "Tenderable" and reported to the market via e-mail to the "Commodity Contacts" group.
